

METHODOLOGY NOTES

BACKGROUND

Galderma Nordic AB (“Galderma”) is a member of EFPIA and the Pharmaceutical Industry in Norway (LMI). It is obliged for Galderma to publish the data in connection to the interactions with HCPs and HCOs according to the EFPIA HCP/HCO Disclosure Code. In addition, it is Galderma’s responsibility to publish a methodology note as required to summarize the methodologies used in preparing the disclosures and identifying Transfers of Value (TOV). This document supports and explains how Galderma publishes its information in order to comply with the EFPIA Disclosure Code.

Galderma commits to comply to the national transparency laws/ regulations and the EFPIA Disclosure Code fully. It is our responsibility to make all the possible effort to disclose the TOVs and obtain the consents from the HCPs and HCOs.

When errors are identified in the report after the disclosure, please contact Galderma. The report will be uploaded again once the correct information is verified.

DATA STANDARDIZATION GUIDANCE

Galderma applies the following approaches when considering:

Applicable National Code:

TOV is disclosed in a manner consistent with LMI's Rules for marketing of medical products to which it is subject for transparency.

Consent Management:

Galderma ensures that the consent of TOV disclosure is obtained from the HCPs in each engagement and proceed with the relevant disclosure to the applicable local data protection laws before publication.

For partial consent from the HCPs, Galderma publishes the data in an aggregated amount.

The consent from the HCPs can be withdrawn during the reporting period. The correct and most up-to-date consent status should be respected by Galderma.

Disclosure of payments to HCOs is however not subject to local data protection laws, whereupon all such TOVs are disclosed without asking of consent.

Cross-border TOVs:

While the recipients of the TOV are HCPs of Norway, in which it is their country of principal practice, is disclosed by Galderma Entity of the country of principal practice in the report even the activities occurred outside Norway.

The disclosure is always reported by the country of principal practice of the HCPs in such Galderma affiliate country. In this case, only one country reports the TOV to avoid duplication. When the TOV is shared by several Galderma entities, the home country of the HCPs having their principal practice in such Galderma affiliate country discloses the TOV.

Currency or Exchange rates used:

The reporting currency is NOK. Foreign currency is converted based on exchange rate of date of service.

METHODOLOGY NOTES

Documentation and Retention of Records:

All Transfer of Values are documented required to be disclosed pursuant to Section 1.01 in EFPIA Disclosure Code and maintain the relevant records of the disclosures made under this Code for a minimum of 5 years after the end of the relevant Reporting Period, unless a shorter period is required under applicable national data privacy or other laws or regulations.

Language of disclosure:

Norwegian

'No show' of HCPs

In the situation of 'no-show', the payment is reported if there is no transfer of value to an HCP from Galderma. When the travel and accommodation are arranged via an agency and the booking cannot be cancelled, this cost is not reported while there is no transfer of value to an HCP from Galderma.

Reporting format or platform of disclosure:

The format of the report will be made on Galderma's Norwegian website.

Reporting period:

Disclosures shall be made on an annual basis and each reporting period shall cover a full calendar year.

For this reporting period, the TOVs between 1 January 2016 and 31 December 2016 are disclosed. It covers all the TOVs according to the payment date of each TOV in the accounting system, not the date when an HCP or HCO provides the services.

Treatment of multi-year contracts:

Galderma executes the payments yearly, or at the end of the multi-year contract, or a lum-sum to the HCPs or HCOs within certain number of years based on the terms of the contracts. Galderma reports the data whenever a financial transaction occurred during the reporting year in relation to the multi-year contracts.

VAT and other tax aspects:

Value added tax (VAT) costs paid by Galderma or via a third party to the HCPs or HCOs is excluded from the disclosed amounts.
