Industries and Associations

Subject: EFPIA HCP/HCO Disclosure Code – Methodology Notes

Background

Galderma Italia S.p.A. is a member of Farmindustria and obliged to publish a note summarizing the methodologies used by it in preparing the disclosures and identifying Transfers of Value.

Methodology

A. Data standardization guidance

Issue	Guidance
Temporal scope	DISCLOSE FOR COMPETENCE
of declaration:	
benchmark for	
disclosure	
Language of	ENGLISH
disclosure	
Currency or	EURO
Exchange rates	
used	
VAT and other	VAT EXCLUDED for national congresses, VAT INCLUDED for international
tax aspects	congress outside Italy
Other issues	The system follows this algorithm: if the same HCP has 1 "yes consent" and 1
related to the	"no consent" it publishes all the 2 as "no consent". For HCP declared 'no
timing and	consent', the data will be included in the aggregated amount.
amount of	
Transfers of	
Value for	
purposes of this	
Code, as	
applicable
